

Job ID: **RK60210A**
Job Title: Project Engineer
Degree Requirements: BS Chemical or Mechanical Engineering
Years of Experience: 5 – 15
Type of Position: Short Term Contract (3 – 6 Months)
Location: Near Bakersfield, CA
Salary Range: \$50.00 / Hour
Travel Required: < 15%

IMMEDIATE SHORT TERM CONTRACT NEED (3 – 6 months) in the Bakersfield, CA area for a Project Engineer in the upstream oil arena who has a BS in Chemical or Mechanical Engineering and between 5 – 15 years experience as a Project Engineer in the refining, petrochemical, associated energy industries; or heavy industrial industries. Per Diem of \$90.00 / day has been authorized.

In addition, you **MUST HAVE** an understanding of relevant methodologies, processes and standards for project execution and ensure that all project team members understand and follow them.

A California PE license is preferred.

The **Responsibilities** of the position include but are not limited to:

- Coordinate between engineering disciplines to ensure deliverables meet the project schedule, quality, and budget constraints
- Assist Project Manager in preparation of comprehensive project execution plan
- Assist Project Manager in preparation and execution of work plans that will accomplish project objectives within safety, quality, cost, and schedule constraints
- Assist the Project Manager tracking the project against its schedule and budget objectives
- Conduct weekly progress review meeting with engineering disciplines, procurement, and project controls team members (take meeting minutes and distribute to team members in a timely fashion)
- Review and approve all engineering deliverables ensuring quality control and assurance principals are followed
- Coordinate between engineering disciplines and procurement to ensure project procurement activities, including purchase order placement and availability of vendor data, are followed to support the project schedule
- Ensure that project team members understand and follow client's Project Execution Work Process and procedures
- Assist Project Manager in managing changes through a rigorous change management procedure
- Assist Project Manager in preparing monthly progress reports and closing out the project when the goals are met and delivered
